

Travel Helper

Travel Industry is 2nd fastest Growing Industry in the world with huge potential. Imagine the Size of Travelers community around the world but there is not even a single Platform which helps them to **Generate Income** as freelancer or with less barriers. Travel agency business required a heavy finance start-up costs and operating expenses, which resulting the **heavy overhead charges** imposed on consumers. Travel Helper team wanted to target both issues by one arrow.

Travel Helper will be a Automated Travel Technology Platform which will works on Savings and Earnings Pattern & Capable of Change the Current Travel Industry System completely .
